

## **Christmas Angel Program**

This ministry assists local families and senior citizens with gifts and needed items during the holiday season. Money collected during designated church services in December, is used to purchase gifts for local families in need who are identified through Wake County Social Services.

Additionally, donations are used to shop for the residents of a local senior citizen facility, based on their specific needs. Church members sign up to do the shopping with the collected money, then directly distribute to families and the senior care center.

The Christmas Angel ministry gives all church members and their families not only a chance to share their resources but to share gifts directly with others in need. Helping during a time of the year that so many may be suffering, offers our church members an opportunity to understand that as Christians we should share our blessings and give to those who are less fortunate.

Planning normally starts around October and then the ministry takes place in November / December.

### **HOW WE CAN HELP:**

- Contact the church member coordinator below to inquire about helping to plan the next Christmas Angel Program.
- Sign up to help shop for families and elderly and/or deliver the gifts to local recipients.
- Make an offering specifically for the Christmas Angel Program at the designated December service or a donation identified for this program to the church.
