

Reflection on Service Experiences

As you feel called to serve in different areas, WFPC invites you to consider the following questions before and after your service experience. Reflect upon these as they apply to you and discuss them with others who serve with you. Let's support and challenge each other to grow in discipleship.

REFLECTION QUESTIONS

To Consider When Serving God

Before participating in the service experience . . .

1. Why did I decide to help with this ministry?
2. Why did God call me to be part of it?

After participating in the service experience . . .

1. Where did I see or sense God's presence in this experience?
2. What has serving as part of this ministry helped to teach me about my faith and being a disciple of Christ?
